

Post-Abortive Support

Post-Abortive Syndrome. What is it?

There are many negative emotional reactions that have been associated with abortion. Some women experience “impacted grieving,” which includes an inability to complete the grieving process. A widely used term for these emotional problems is “post-abortion syndrome” or PAS.

Our Consultants

Elaine & Marie

are trained in post abortive support and are here to help you heal. We know how hard it is to do this alone. You don't have to. Call or text us at (732) 516-0911

Symptoms

- Flashbacks to abortion
- Difficulty concentrating
- Sense of hopelessness
- Repression or denial of feelings about the abortion
- Drug or alcohol abuse
- Suicidal thoughts
